Tino's Welding and Fabrication
1414 McCauley Avenue
San Antonio, TX 78224-1116

Re: Letter of Recommendation

To whom it may concern,

Tino's Welding and Fabrication completed the Structural Steel Erection scope of work for the SWISD New Pearsall Road Elementary School. Tino's Welding not only met, but exceeded our schedule, budget, quality, and safety requirements. I enjoyed working with Tino and his team and look forward to the next project together. I would recommend Tino's Welding and Fabrication for your next steel erection project.

Respectfully,

A handwritten signature in black ink that reads "Fernando Diego". The signature is written in a cursive style with a large, looped "D" at the end.

Fernando Diego
